

Rockets 09

April 24, 25 & 26, 2009

Testing 8:30am to 5:00pm

26 Participating High Schools

**45 Rockets, one scheduled to
launch every half hour**

You are invited to attend the testing of 45 student-built rockets designed to fly from 5,000 feet to 12,000 feet. Some rockets will attempt to break the sound barrier.

Public Admission:

Admission is free to the Test Site at the Meek ranch, Alfred Petsch Rd, 8 miles South of Fredericksburg on Highway 16.

Public Activities:

- Spectator Areas for viewing high school rockets: (Friday-Sunday).
- Launch Facility Tours: (Saturday-Sunday).
- Demonstrations for Newton's Laws and Flight Stability: (Saturday-Sunday).
- Model Rocket building and launching for children twelve and under: (Saturday-Sunday).
- Concession stand open: (Friday-Sunday).
